

TECHNICAL RESOURCES INTERNATIONAL, INC.

Your Partner in Clinical Research

TRI is a Medidata Rave Accredited Partner

Bethesda, Maryland (1/10/2023): TRI is pleased to announce our organization is a Medidata Partner accredited in Rave EDC and Rave Coder. TRI serves as a single source for clinical research sponsors and teams to create and build studies in Medidata Rave Electronic Data Capture (EDC) and provide medical coding.

Medidata's accreditation for Rave EDC and Coder are in-depth qualification programs. The RAVE EDC program certifies TRI to provide Medidata Rave EDC end-user training, user and site administration, study build, reporting, outputs and migration services. The Medidata Rave Coder partnership enables TRI to provide accurate medical coding for verbatim terms from Rave EDC and external sources, simplify medical coding dictionary maintenance, and deliver efficient upversioning of synonyms and coding decisions.

TRI's Medidata Rave partnerships and accreditations signify another step forward for TRI in bringing the highest level of value to our clients. Achieving these accreditations demonstrates TRI's commitment to an ongoing investment in technology that optimizes clinical trial conduct and our dedication to provide ideal solutions to clinical trial sponsors and research teams across all phases and therapeutic areas.

About TRI: Technical Resources International, Inc. (TRI) is a full-service Contract Research Organization plus (CRO+). TRI areas of expertise include clinical trials management, regulatory affairs, medical writing, safety and pharmacovigilance, data management and biostatistics, quality assurance, information technology, and communications. For more than four decades, TRI has provided support to government agencies, the private sector, and nonprofit organizations. Further information is available at www.tech-res.com
